

# DUNS to UEI Conversion

- Effective April 4, 2022, DUNS numbers will no longer be used by the federal government. Instead, SAM Unique Entity Identifier (UEI) numbers will be used.
- Please ensure your agency has established a UEI number prior to April 4, 2022 in SAM.gov for any DUNS number you plan to use in the future. **We highly recommend starting the process now.**
- If your agency already has an active SAM.gov registration, no further action is needed.
- To obtain a UEI, your agency may need to update your DUNS information with Dun and Bradstreet prior to requesting a UEI in SAM.gov. UEI's may be requested in SAM.gov.
- Refer to the email from the SAM II/MissouriBUYS distribution list on 1/3/22 or contact Amanda Locke at 573-751-1894 with questions.
